

Government Agent

Office of the Government Agent

Trincomalee

Dear Sir,

**Objection to the building of a Christian church without Permission**

A Christian church is being built in Telugu Nagar in Puthkudiruppu Grama Sevaka division (228J) in the Division of Thambalagamam in Trincomalee District. Building a Christian church according to their own wish and arbitrarily is not only against rules and regulations, but it is not necessary for another church in Telugu Nagar with permission also.

Based on the following reasons we want to raise our objection in regard to building this Church

1. Building the church without the permission of the Ministry of Buddhist Religion and Cultural Affairs
2. Distance between the two Christian churches is very close.
3. There are only few Christians in that particular place.
4. Splitting away from the Main Christian church and trying to establish a separate Christian church
5. Great Threat to the welfare and unity between religions in this Village

In light of the above reasons, and also establishing this church building is against rules and regulations we kindly ask you to pay full attention to take necessary action to stop all the activities regarding this church building. We also object to this church building,

Thanking you

Yours faithfully

S.Jeyakanth
